Request for Price for Removal of Trees **Historic Kate M. Smith Elementary School Site**

The Washington County School District is seeking proposals for the removal of select trees from the historic Kate M. Smith Elementary School site in order to begin preparations for the repurposing of the site to be used as the school board office complex.

This project will include the removal of approximately 40 trees from the site. Included are several large pine trees, multiple medium sized pines, several large oak trees, and others as marked. The proposed prices as submitted should include the taking down and removal of all tree trunks, limbs and related debris from the site.

In addition, should a bidder wish to submit an addendum to the basic bid price for the complete removal of any and all stumps, they may include that option on the bid as shown below. The stump removal shall include completely taking the stump out of the ground (no grinding or partial removal) and filling the remaining hole created by the stump removal with fill dirt.

Interested bidders are invited to contact Bill Lee at the district office for a diagram of the trees to be removed and/or to do an on-site visit to visually inspect the site for trees to be removed. Fees will be paid after all trees and related materials have been removed from the site.

Bidder Name: _____

Address: _____

City, State, Zip: _____

Contact Name: _____

Telephone Number: _____ Cell Number: _____

Proposed Price for Removal of Trees Only: _____

Addendum Price for Removal of Stumps: _____

Total Price of Proposal: _____
